DataMaster

ORDER CODE: DATAMASTER

IP rating

IP20

DATAMASTER is a very compact and versatile RDM-DMX tool, a 'must-have' for all lighting designers. This powerful tool automatically detects the RDM enabled devices and allows the user to monitor and control them rapidly and effectively. The fixtures' status information such as the burning time of the lamp, can be read directly on the DATAMASTER - the user doesn’t have to go to the fixture. The simple, user-friendly operation coupled with the extra features such as cable testers and DMX recorder make the DATAMASTER ideal for troubleshooting installations.

MAIN FEATURES

- RDM controller
- DMX receiver / transmitter
- XLR cable tester
- DMX recorder
- 3-pole XLR female to 5-pole XLR male DMX adapter, 5-pole XLR female to 3-pole XLR male DMX adapter included
