Sblflxfilt

ORDER CODE: SBLFLXFILTMD

Front diffusion filter for SUNBLASTFLX.
The filters can be installed on the SUNBLASTFLX with or without spacers (SBLFLXSPACER).

NOTE: The SBLFLXFILTBK filter needs to be used exclusively in combination with the SBLFLXSPACER.

Available in the following versions:

SBLFLXFILTHD: is high diffusion and allows less light through, but provides a softer beam quality.

SBLFLXFILTMD: offers medium diffusion and produces optimal light output and beam quality.

SBLFLXFILTBK: hides the LED source and is used for background effects.
